

Sept. 14 Service Change

Major bus service changes are coming to Community Transit!

With the start of Sound Transit's Link 1 Line service to Lynnwood on Aug. 30, Community Transit is expanding local and express bus service within Snohomish County on Sept. 14. Fast and frequent service makes local travel easier for all and connects riders to light rail at Lynnwood, Mountlake Terrace, and Shoreline.

Here is what you can expect on Sept. 14:

- Commuter routes to Northgate and Seattle will be eliminated and replaced with new express and local routes that connect to light rail.
- More bus service, running more often, including extending the Swift Blue Line to the Shoreline North/185th light rail station.
- New bus schedules on most routes for more reliable service. All riders should check their schedules for changes.
- Simplified bus fares start Sept. 1 — \$2.50 for adults, \$1.25 discounted fares for those who qualify, and kids ride free.

Route 105

Route 105 is being eliminated and replaced with Routes 103, 106, 120, and Swift Green Line

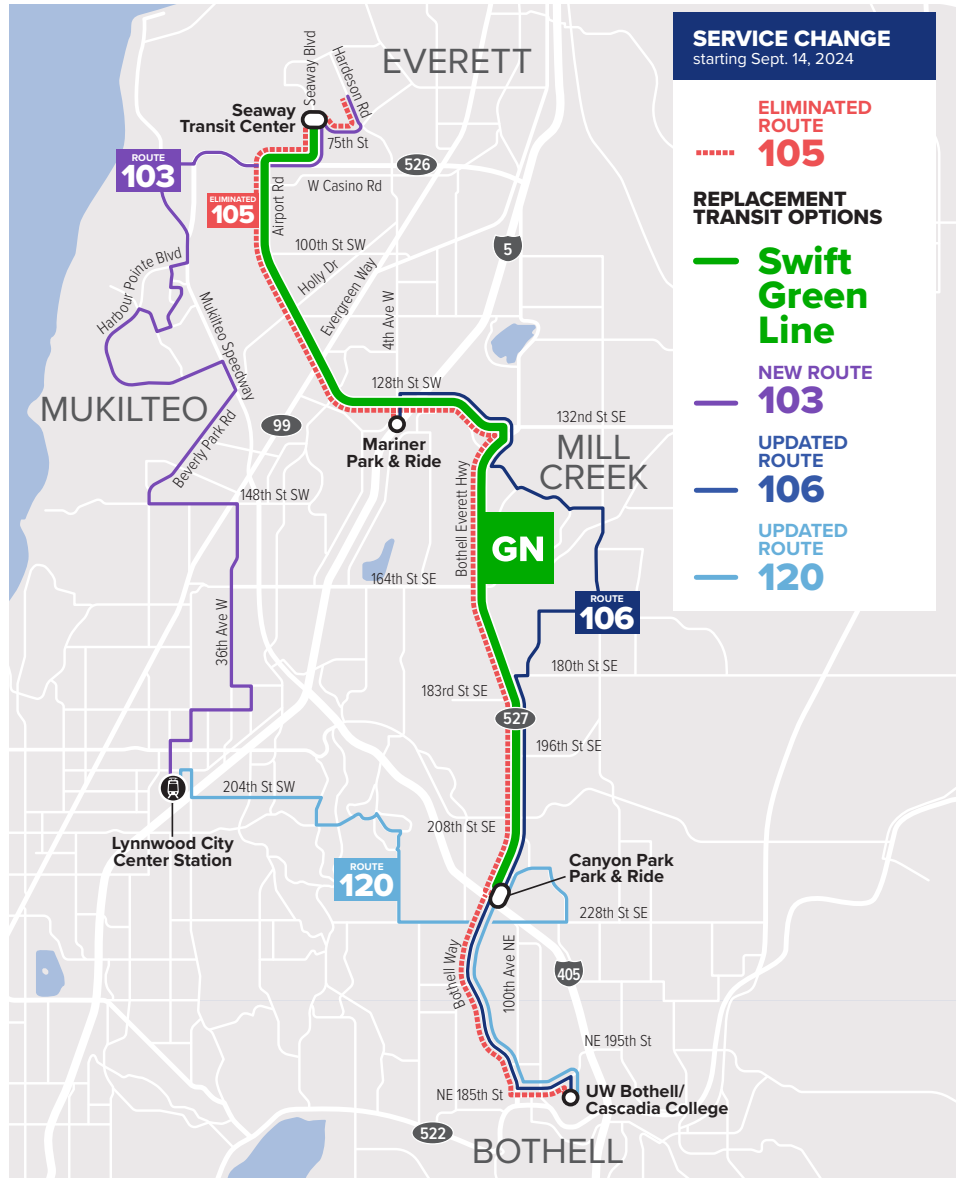

What's changing?

Route 105 is being eliminated and replaced with several new routes starting Sept. 14.

The Swift Green Line (Seaway–Canyon Park) mirrors Route 105's service from Seaway to Canyon Park Park & Ride.

Service from Canyon Park to UW Bothell/Cascadia College will be provided by Routes 106 (Mariner–Bothell) and 120 (Bothell–Lynnwood).

In Everett, service will also be provided by Route 103 (Seaway/Hardeson Road–Lynnwood).

Highlights of replacement transit options

Swift Green Line provides fast, frequent service between Seaway and Canyon Park Park & Ride.

Routes 106 and 120 provide service between Canyon Park and UW Bothell/Cascadia College.

Routes 107 and 113

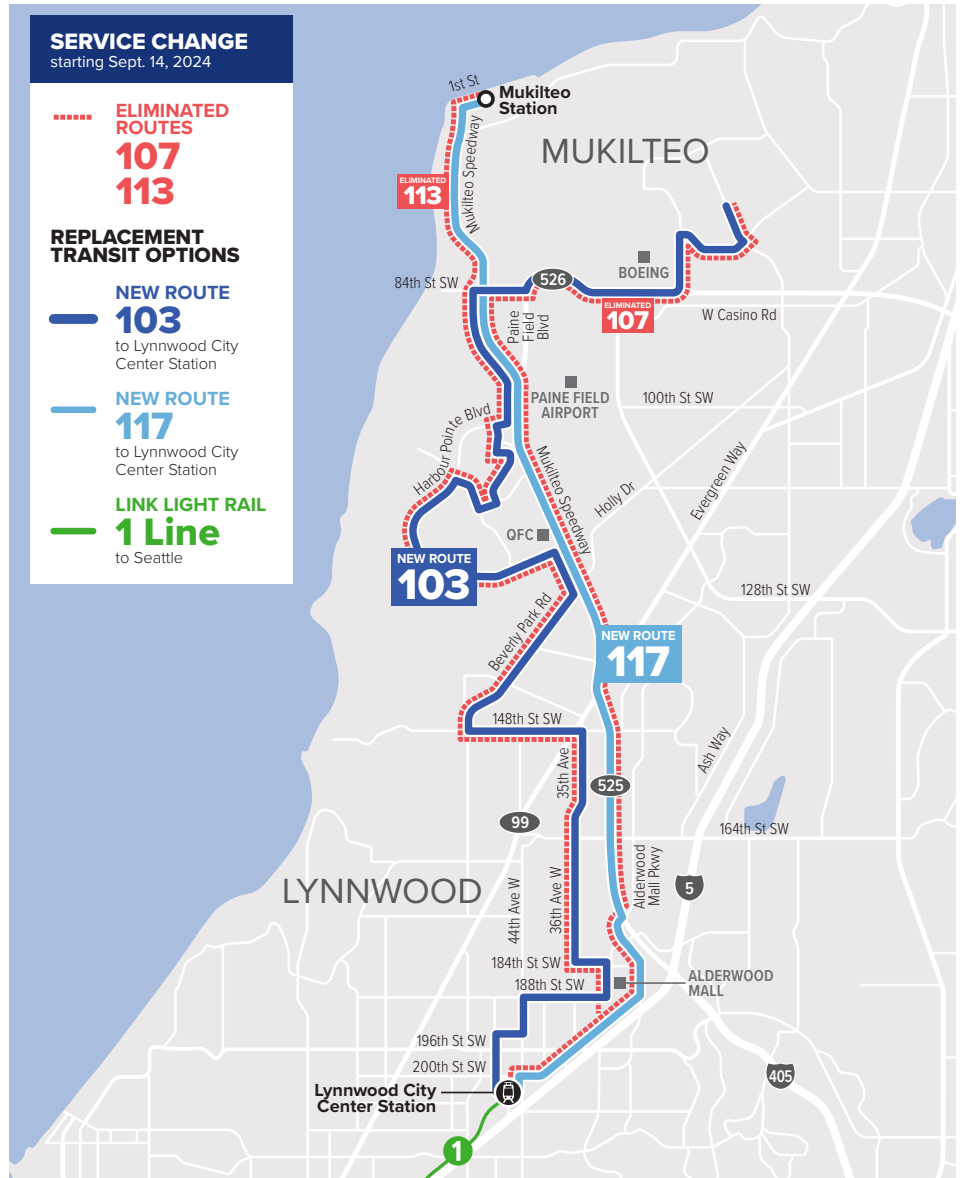

Routes 107 and 113 are being eliminated and replaced with Routes 103 and 117

What's changing?

Routes 107 and 113 are being eliminated and replaced with Routes 103 (Seaway/Hardeson Road–Lynnwood) and 117 (Mukilteo–Lynnwood) starting Sept. 14.

Route 113 riders will use new Route 117 between Mukilteo Station and SR 526 as well as Alderwood Mall to Lynnwood City Center Station. For the rest of the route, the new Route 103 mirrors Route 113.

Route 107 riders will use new Route 103 between Hardeson and the Mukilteo Speedway. For the rest of the route, new Route 117 mirrors Route 107.

Highlights of replacement transit options

Route 103 provides service between Mukilteo and Lynnwood City Center Station, via Boeing and Harbour Pointe.

Route 117 provides service from Mukilteo Station to Lynnwood City Center Station along Mukilteo Speedway.

Routes 227 and 247

Routes 227 and 247 are being eliminated and replaced with Routes 905 and 907

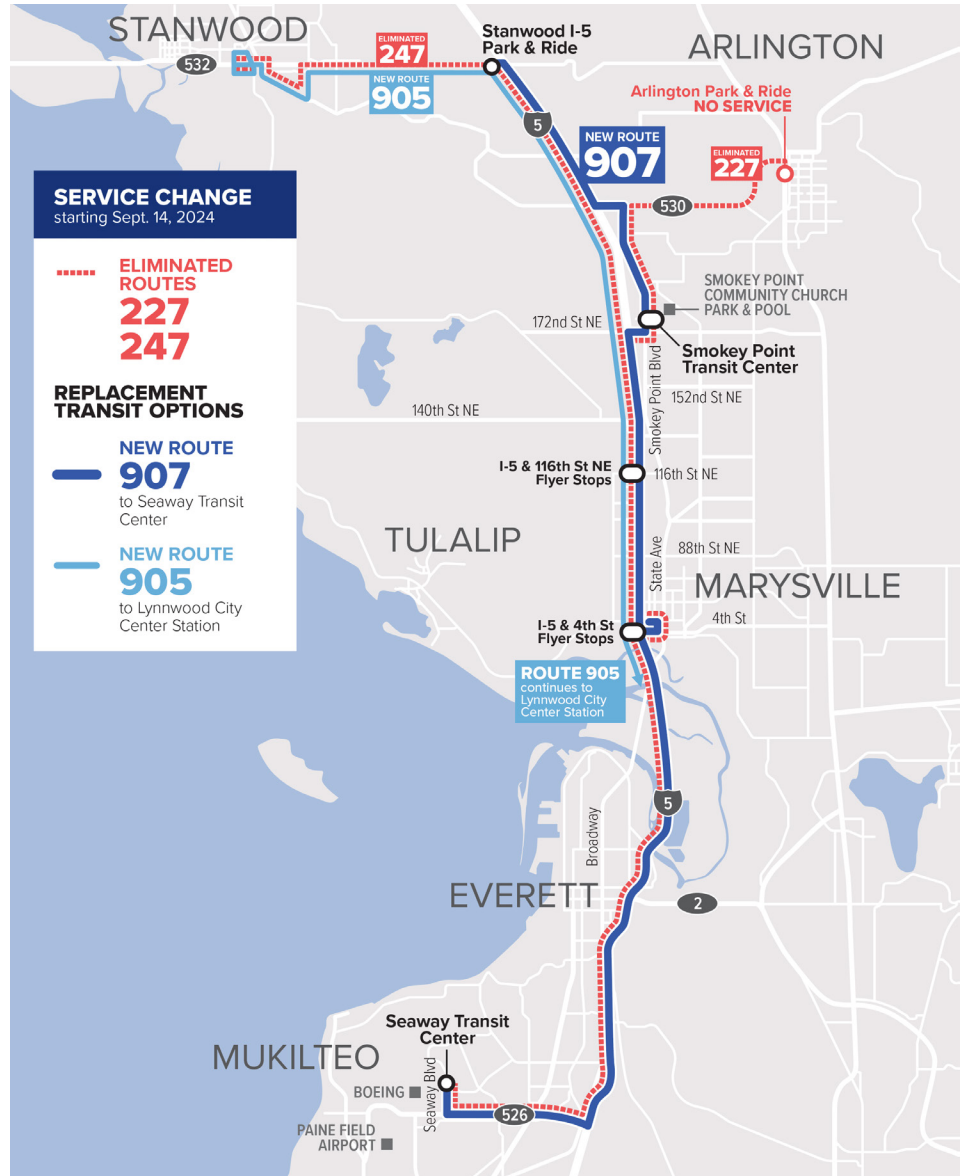

What's changing?

Routes 227 and 247 are being eliminated and replaced with new express Routes 905 (Stanwood–Lynnwood) and 907 (Stanwood–Seaway) on Sept. 14.

Service from downtown Stanwood is covered by new express Route 905, which continues to Lynnwood City Center Station.

Service from Stanwood I-5 Park & Ride through Smokey Point Transit Center, Marysville and to Seaway Transit Center will be provided by Route 907.

Riders will use the Smokey Point Community Church Park & Pool to access Routes 905 and 907. Arlington Park & Ride will no longer have bus service.

Highlights of replacement transit options

Route 907 provides express service between Stanwood I-5 Park & Ride and Seaway Transit Center.

Route 905 travels in both directions all day on weekdays.

Route 905 provides express service between Stanwood and Lynnwood City Center Station.

Route 402

Route 402 is being eliminated and replaced with Link light rail 1 Line

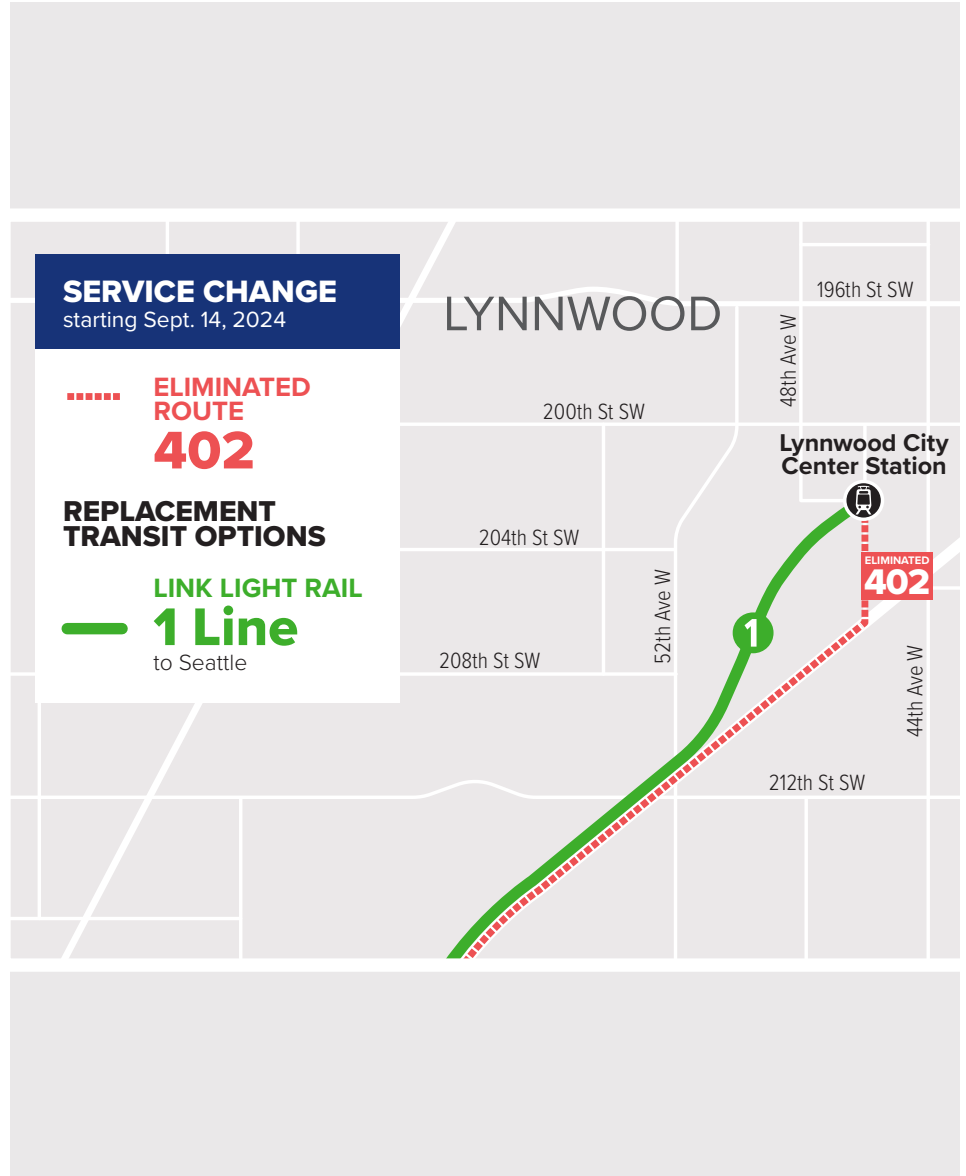

What's changing?

Route 402 into Seattle is being eliminated and will be replaced with Link light rail 1 Line on Sept. 14.

Riders will catch light rail at Lynnwood City Center Station (formerly Lynnwood Transit Center).

Riders can also use the new ST Express Route 515 (Lynnwood City Center–Downtown Seattle).

Learn more about Sound Transit's Link 1 Line extension to Snohomish County at soundtransit.org/servicechange. Be sure to sign up with Sound Transit for Link light rail rider alerts to stay in the know about changes and delays.

Highlights of replacement transit options

Link light rail provides fast, frequent, and reliable service between south Snohomish County and the University of Washington, downtown Seattle, Sea-Tac Airport, and more.

Route 515 travels southbound from Lynnwood in the morning and northbound from Seattle in the afternoon.

Route 405

Route 405 is being eliminated and replaced with Routes 102, 119, Swift Blue Line, and Link light rail 1 Line

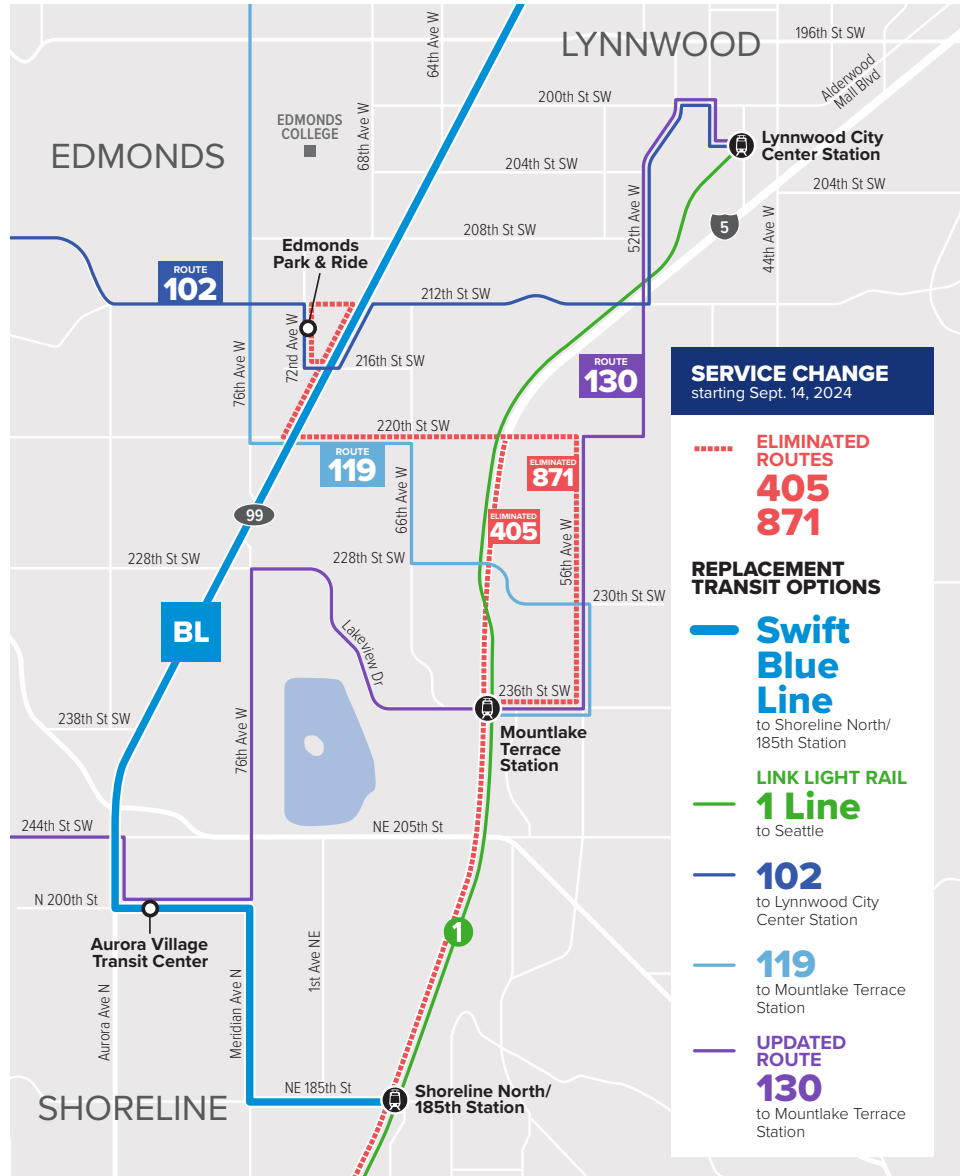

What's changing?

Route 405 is being eliminated and replaced with several new routes starting Sept. 14.

Route 102 (Edmonds–Lynnwood) provides service from Edmonds Park & Ride to Lynnwood City Center Station to connect with light rail.

Route 119 (Ash Way–Mountlake Terrace) provides service along 220th St SW previously served by Route 405 and on to Mountlake Terrace Station to connect with light rail.

Swift Blue Line (Everett–Aurora Village) provides service along Highway 99 and connects with light rail at the Shoreline North/185th Station.

Highlights of replacement transit options

Route 102 provides 30-minute all day service from Edmonds to Lynnwood City Center Station.

Route 119 provides service every 30 minutes during peak times into Mountlake Terrace and its light rail station.

Swift Blue Line provides fast, frequent service along Highway 99 to the Shoreline North/185th light rail station.

Routes 410 and 860

Routes 410 and 860 are being eliminated and replaced with Routes 201/202, 901, and Link light rail 1 Line

What's changing?

Routes 410 and 860 are being eliminated and replaced with several transit options to connect to Link light rail 1 Line starting Sept. 14.

Route 901 (Silver Fir–Lynnwood) will provide service from McCollum Park Park & Ride to Lynnwood City Center Station to connect with light rail.

Routes 201 and 202 (Smokey Point–Lynnwood) will provide service from Mariner Park & Ride and Ash Way Park & Ride to the Lynnwood City Center Station to connect with light rail.

Service into Seattle will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Express Route 901 travels westbound from Silver Fir in the morning and eastbound from Lynnwood in the afternoon.

Routes 201 and 202 provide combined 15-minute service between Ash Way, Mariner Park & Ride, and Lynnwood.

Route 412

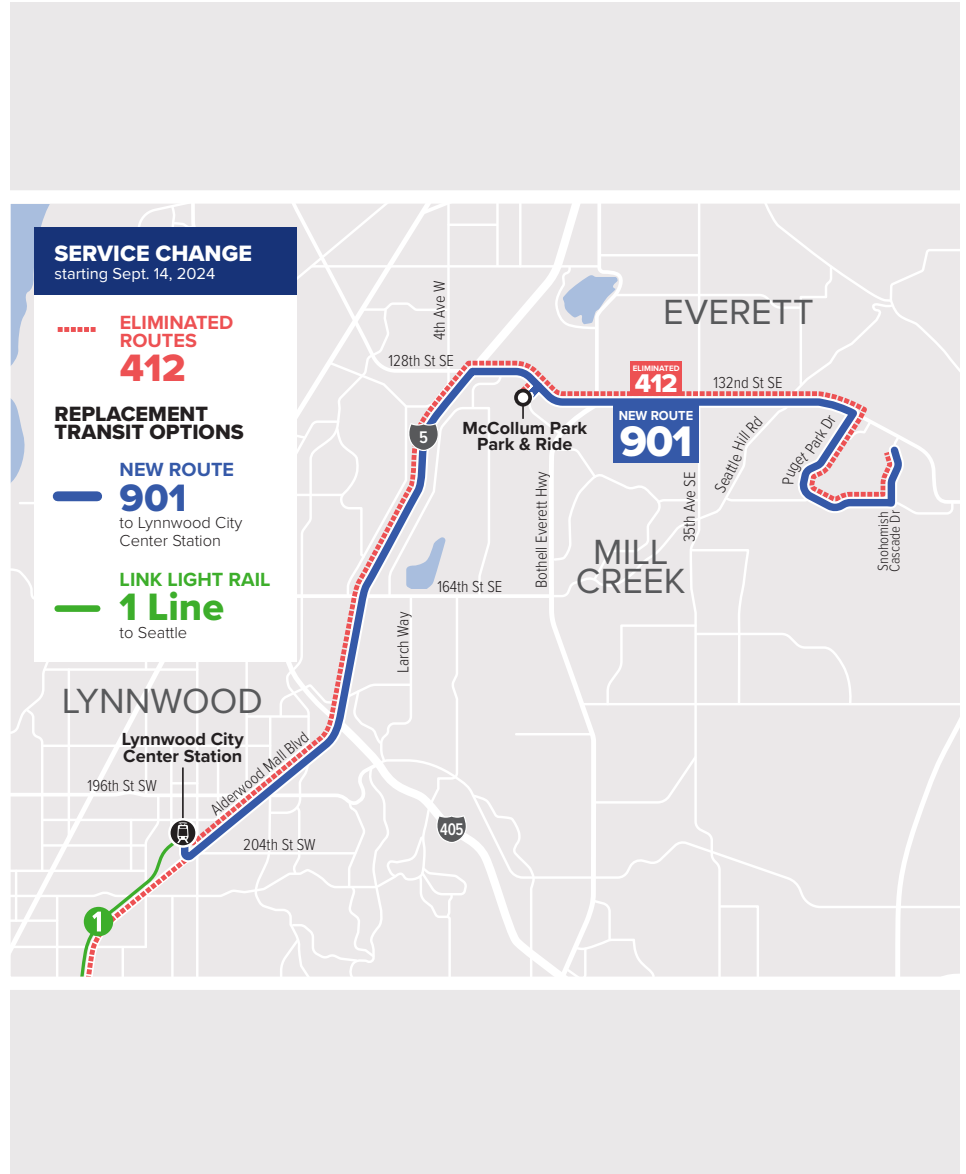

Route 412 is being eliminated and replaced with Route 901 and the Link light rail 1 Line

What's changing?

Route 412 is being eliminated and replaced with a new express route and Link light rail starting Sept. 14.

Route 901 (Silver Firs–Lynnwood) operates along the exact path of Route 412 from Silver Firs to Lynnwood City Center Station.

From Lynnwood City Center Station, riders transfer to Link light rail 1 Line to continue to Seattle.

Highlights of replacement transit options

Route 901 provides service from Silver Firs to Lynnwood through McCollum Park Park & Ride.

Route 901 travels westbound from Silver Firs in the morning and eastbound from Lynnwood in the afternoon.

Routes 413, 415, and 880

Routes 413, 415, and 880 are being eliminated and replaced with Routes 103, 112, 166, 201/202, 512, 513, Swift Orange Line, and Link light rail 1 Line

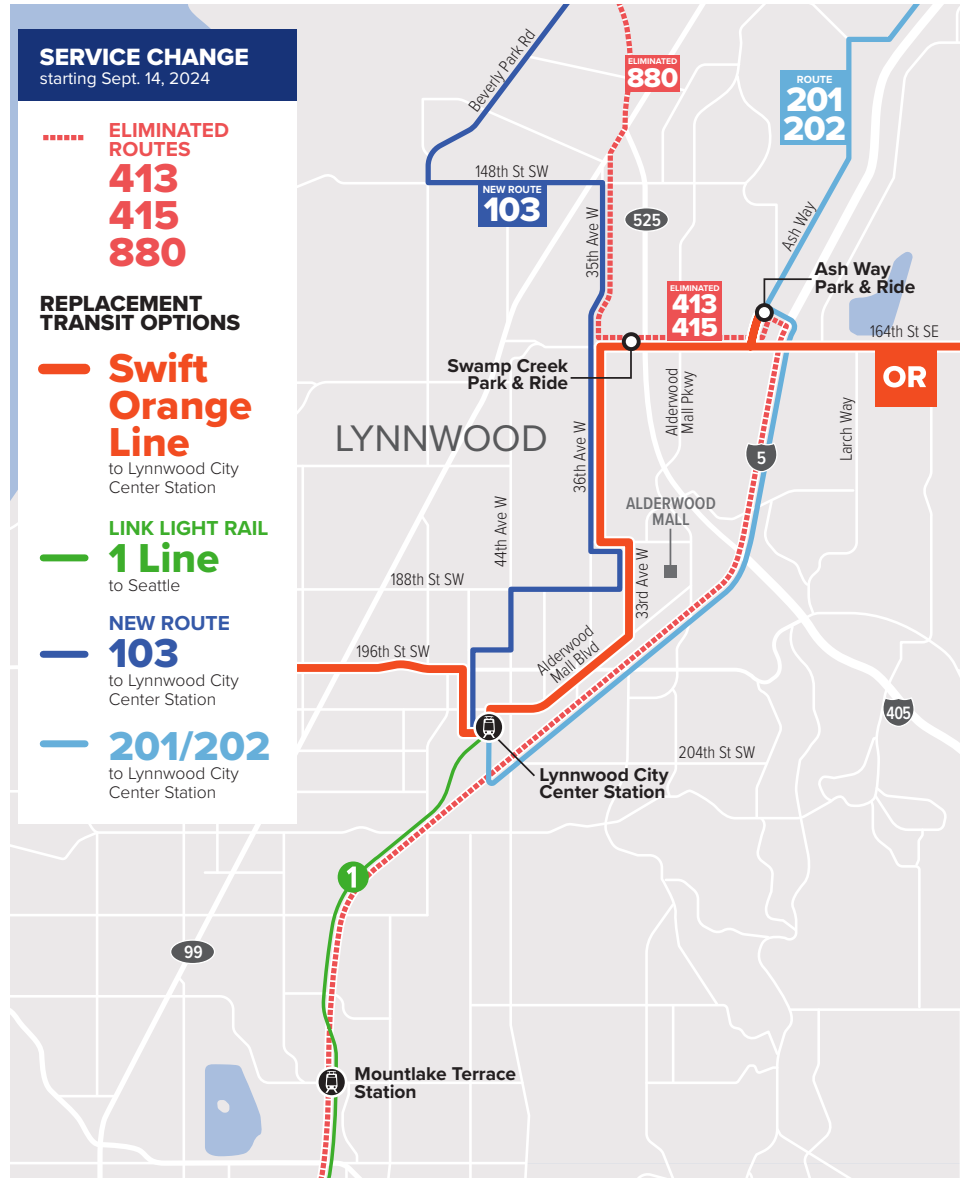

What's changing?

Routes 413, 415, and 880 are being eliminated and replaced with several options to connect to Link light rail 1 Line starting Sept. 14.

Swift Orange Line (Edmonds College–McCollum Park) will connect to Lynnwood City Center Station from Ash Way Park & Ride and Swamp Creek Park & Ride.

Route 103 (Seaway/Hardeson Road–Lynnwood) will serve 35th Ave W, connecting to Lynnwood City Center Station.

Service to Mountlake Terrace Station and onto Seattle will be covered by Link Light Rail 1 Line.

Highlights of replacement transit options

Swift Orange Line provides fast-frequent service between Ash Way and Lynnwood.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 416

Route 416 is being eliminated and replaced with Route 909, Swift Blue Line, and Link light rail 1 Line

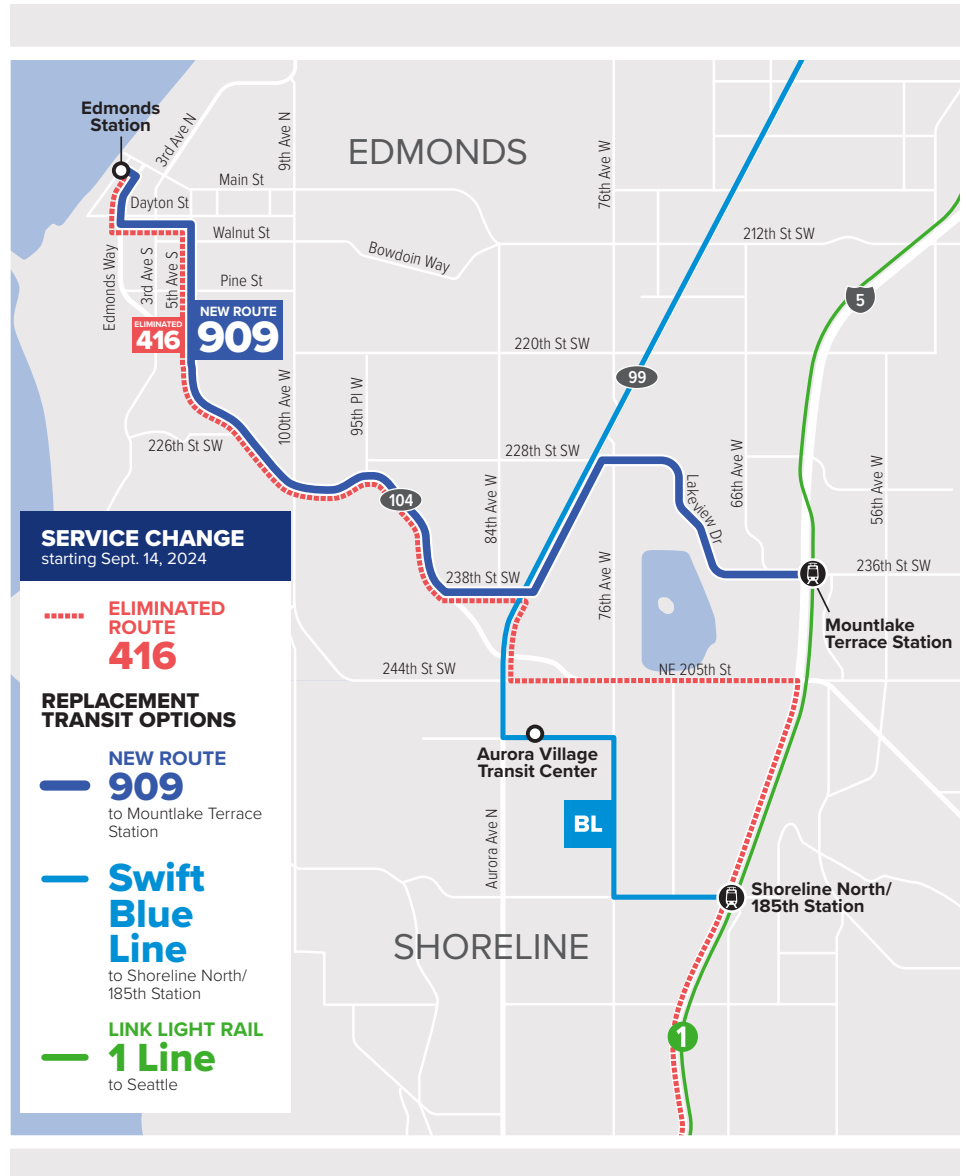

What's changing?

Route 416 is being eliminated replaced with several route options and Link light rail 1 Line.

Route 909 (Edmonds–Mountlake Terrace) will provide service between Edmonds Station and Mountlake Terrace Station.

For service along Highway 99 between 238th St SW and 244 St SW in Mountlake Terrace, riders can use the Swift Blue Line (Everett–Aurora Village) to connect to light rail at Shoreline North/185th Station.

Service into Seattle will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Route 909 travels in both directions all day on weekdays and weekends.

Swift Blue Line provides fast, frequent service between Everett and Shoreline along Highway 99.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 417 and 880

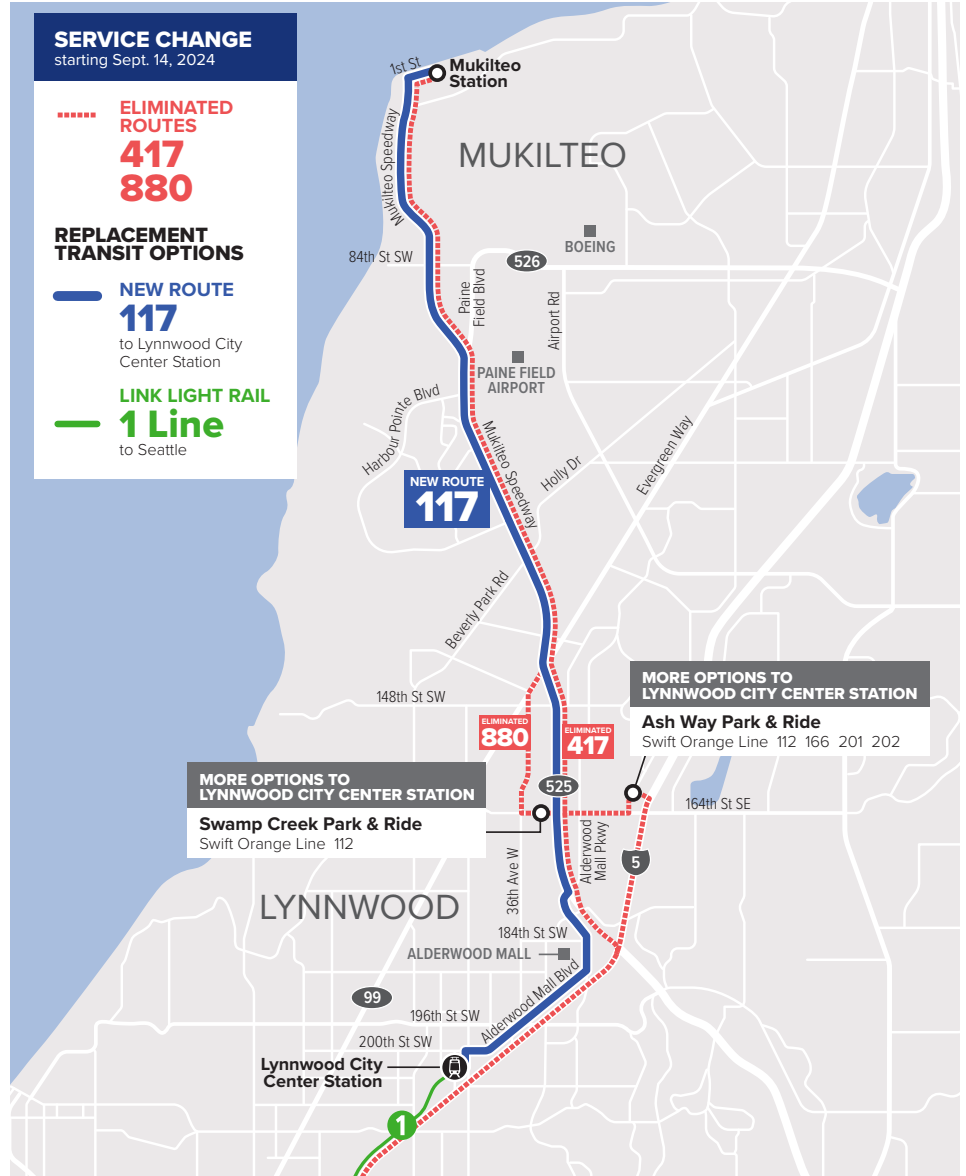

Routes 417 and 880 are being eliminated and replaced with Route 117 and Link light rail 1 Line

What's changing?

Routes 417 and 880 are being eliminated and replaced with Route 117 and Link light rail 1 Line starting Sept. 14.

Service from Mukilteo to the Lynnwood City Center Station will be provided by Route 117 (Mukilteo–Lynnwood).

Service to Mountlake Terrace Station and onto Seattle will be covered by Link light rail 1 Line.

Highlights of replacement transit options

Route 117 provides 30-minute service all day from Mukilteo to Lynnwood.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 421

Route 421 is being eliminated and replaced with Routes 904, 905, and Link light rail 1 Line

What's changing?

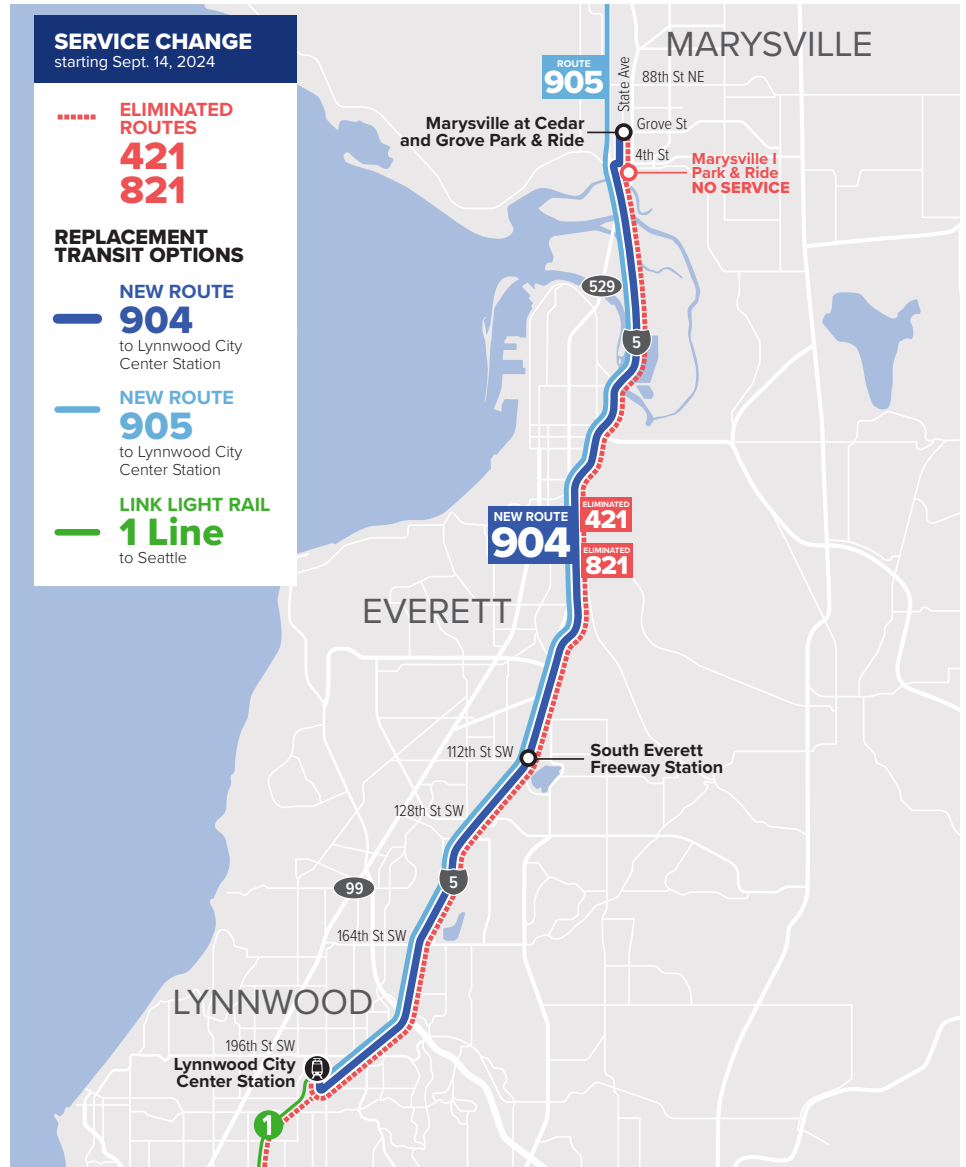

Route 421 is being eliminated replaced with several route options and Link light rail 1 line.

Service from Marysville at Cedar & Grove and Ash Ave park & rides to Lynnwood City Center Station will be provided by Route 904 (Marysville–Lynnwood).

Route 905 (Stanwood–Lynnwood) will also serve the I-5 & 4th St flyer stop, continuing to Lynnwood.

There will no longer be service at the Marysville I Park & Ride.

Service into Seattle will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Route 904 travels southbound from Marysville in the morning and northbound from Lynnwood in the afternoon.

Route 905 travels in both directions all day on weekdays.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 422

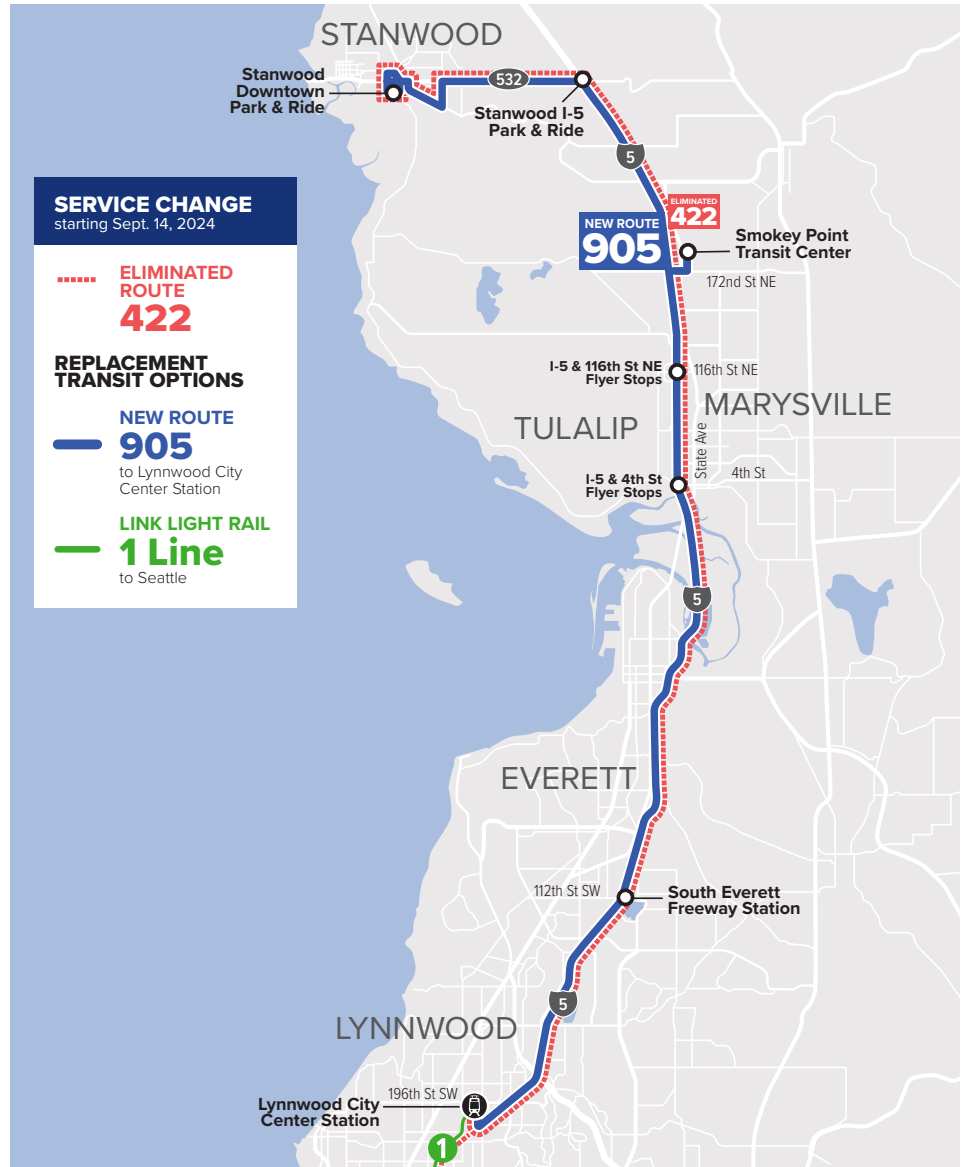

Route 422 is being eliminated and replaced with Route 905 and Link light rail 1 Line

What's changing?

Route 422 is being eliminated and replaced with Route 905 and Link light rail 1 Line.

Route 905 (Stanwood–Lynnwood) will follow the same path as Route 422 from the Stanwood Downtown Park & Ride and Stanwood I-5 Park & Ride to Lynnwood City Center Station.

Service from Lynnwood City Center Station will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Route 905 is an all-day express route from Stanwood to Lynnwood.

Express Route 905 runs on weekdays, with more service during the morning and afternoon peak travel times.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 425

Route 425 is being eliminated and replaced with Route 903 and Link light rail 1 Line

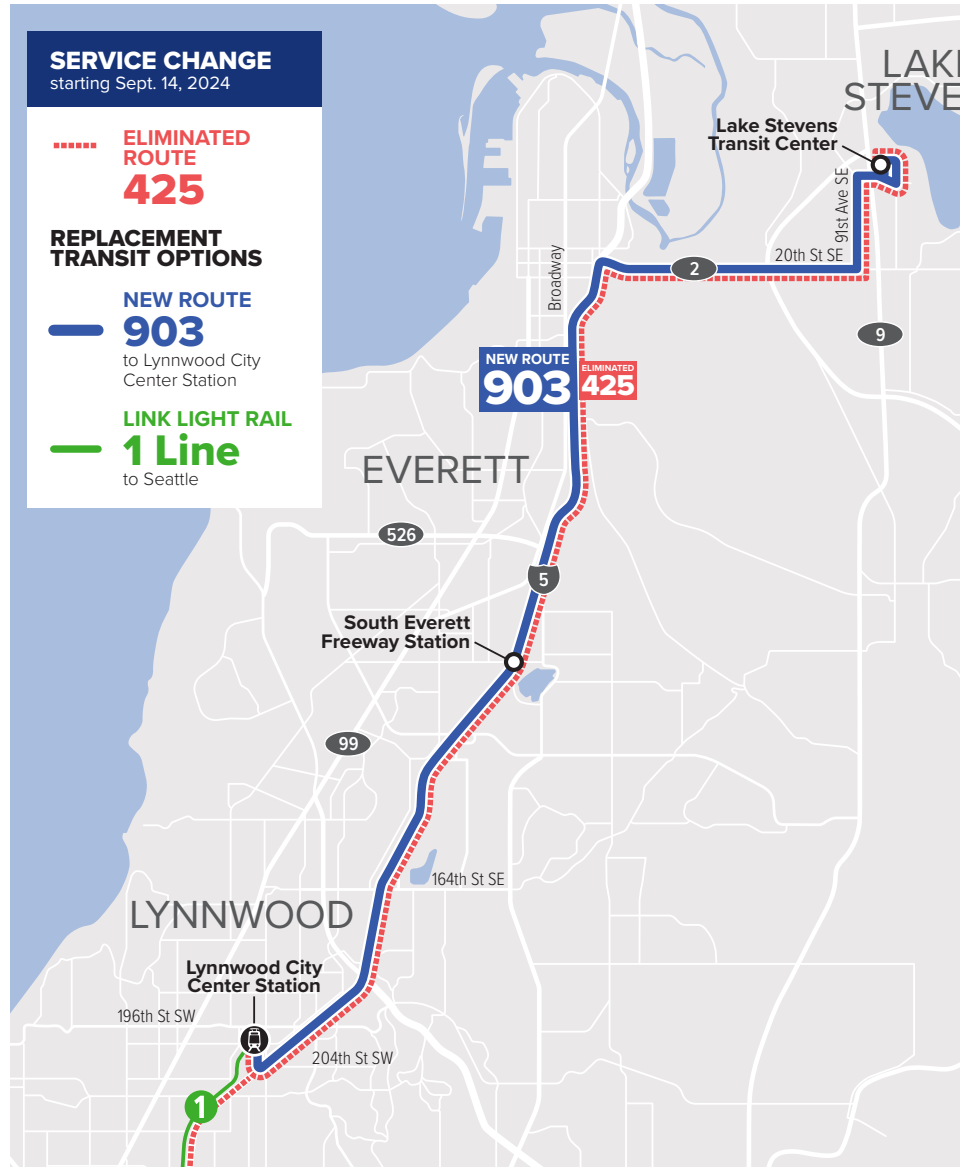

What's changing?

Route 425 is being eliminated and replaced with Route 903 and Link light rail 1 Line starting Sept. 14.

Route 903 (Lake Stevens–Lynnwood) will follow the same path as Route 425 from Lake Stevens Transit Center to Lynnwood City Center Station.

Service into Seattle will be provided by Link light rail 1 Line.

Riders can also use the new ST Express Route 515 (Lynnwood City Center–Downtown Seattle).

Highlights of replacement transit options

Express Route 903 runs from Lake Stevens to Lynnwood.

Express Route 903 travels southbound from Lake Stevens in the morning and northbound from Lynnwood in the afternoon on weekdays.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 435

Route 435 is being eliminated and replaced with Routes 106, 120, 201/202, 535, Swift Green Line, Swift Orange Line, and Link light rail 1 Line

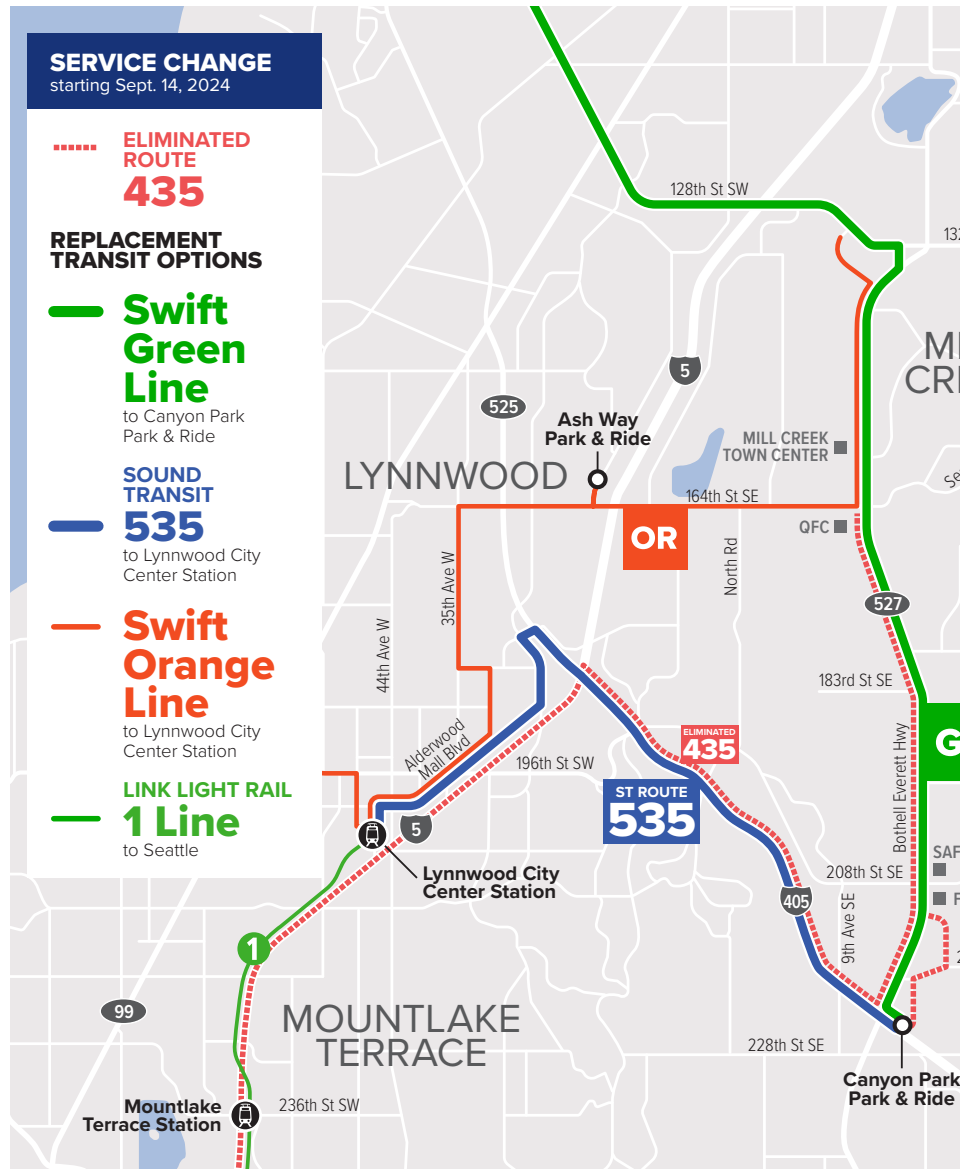

What's changing?

Route 435 is being eliminated and replaced with several route options and Link light rail 1 Line starting Step. 14.

Service along the Bothell Everett Highway will be covered by the Swift Green Line (Seaway–Canyon Park) and Route 106 (Mariner Park & Ride–Bothell).

Service from Canyon Park Park & Ride and Lynnwood City Center Station will be covered by Sound Transit Route 535 (Lynnwood–Bellevue).

Service into Seattle will be provided by Link light rail 1 Line. Options to connect with light rail at Lynnwood City Center Station include Routes 120, 201/202, Swift Orange Line, and ST Express Route 515.

Highlights of replacement transit options

Sound Transit Route 535 runs from Canyon Park to Lynnwood.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 810

Route 810 is being eliminated and replaced with Routes 901, 201/202, 130, Swift Orange Line, and Link light rail 1 Line

What's changing?

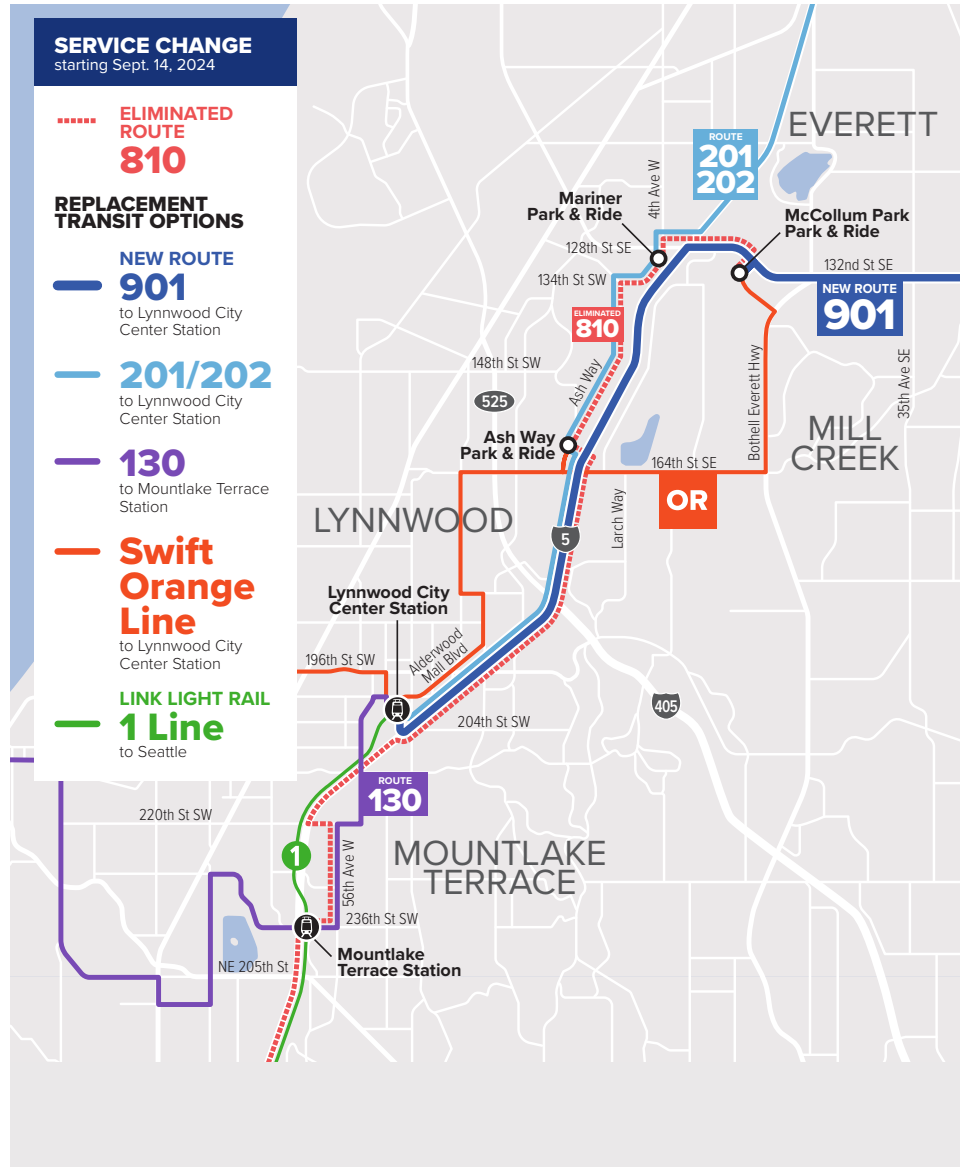

Route 810 is being eliminated and replaced with several route options and Link light rail 1 Line starting Sept. 14.

Service from the McCollum Park Park & Ride to Lynnwood City Center Station will be provided by Route 901 and Swift Orange Line.

Service from Mariner and Ash Way park & rides to Lynnwood City Center Station will be provided by Routes 201/202.

Service along 56th Ave W and 236th St SW to Mountlake Terrace Station will be provided by Route 130.

Service into Seattle will be provided by Link light rail 1 line.

Highlights of replacement transit options

Route 901 provides express service between Silver Firs and Lynnwood City Center Station.

Routes 201 and 202 provide service from Mariner and Ash Way park and rides to Lynnwood City Center Station.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and the University of Washington, downtown Seattle, Sea-Tac Airport and more.

Route 821

Route 821 is being eliminated and replaced with Routes 904, 905, and Link light rail 1 Line

What's changing?

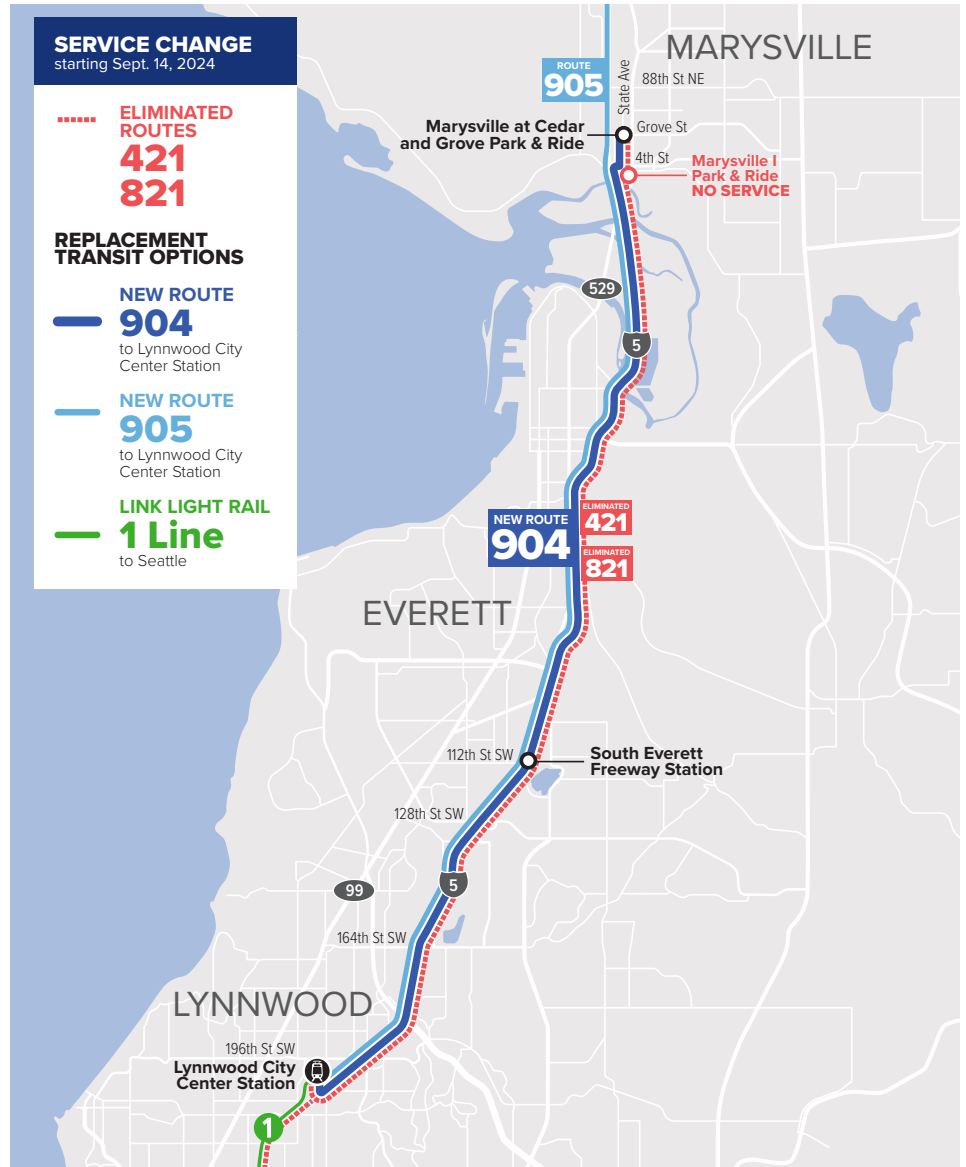

Route 821 is being eliminated and will be replaced with Routes 904, 905, and Link light rail 1 Line.

Service from the Marysville at Cedar & Grove and Ash Ave park & rides to the Lynnwood City Center Station will be provided by Route 904 (Marysville–Lynnwood).

Route 905 (Stanwood–Lynnwood) will also serve the I-5 & 4th St flyer stop, continuing to Lynnwood.

There will no longer be service at the Marysville I Park & Ride.

Service into Seattle will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Route 904 travels southbound from Marysville in the morning and northbound from Lynnwood in the afternoon.

Route 905 travels in both directions all day on weekdays.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 860

Route 860 is being eliminated and replaced with Routes 201/202, 901, and Link light rail 1 Line

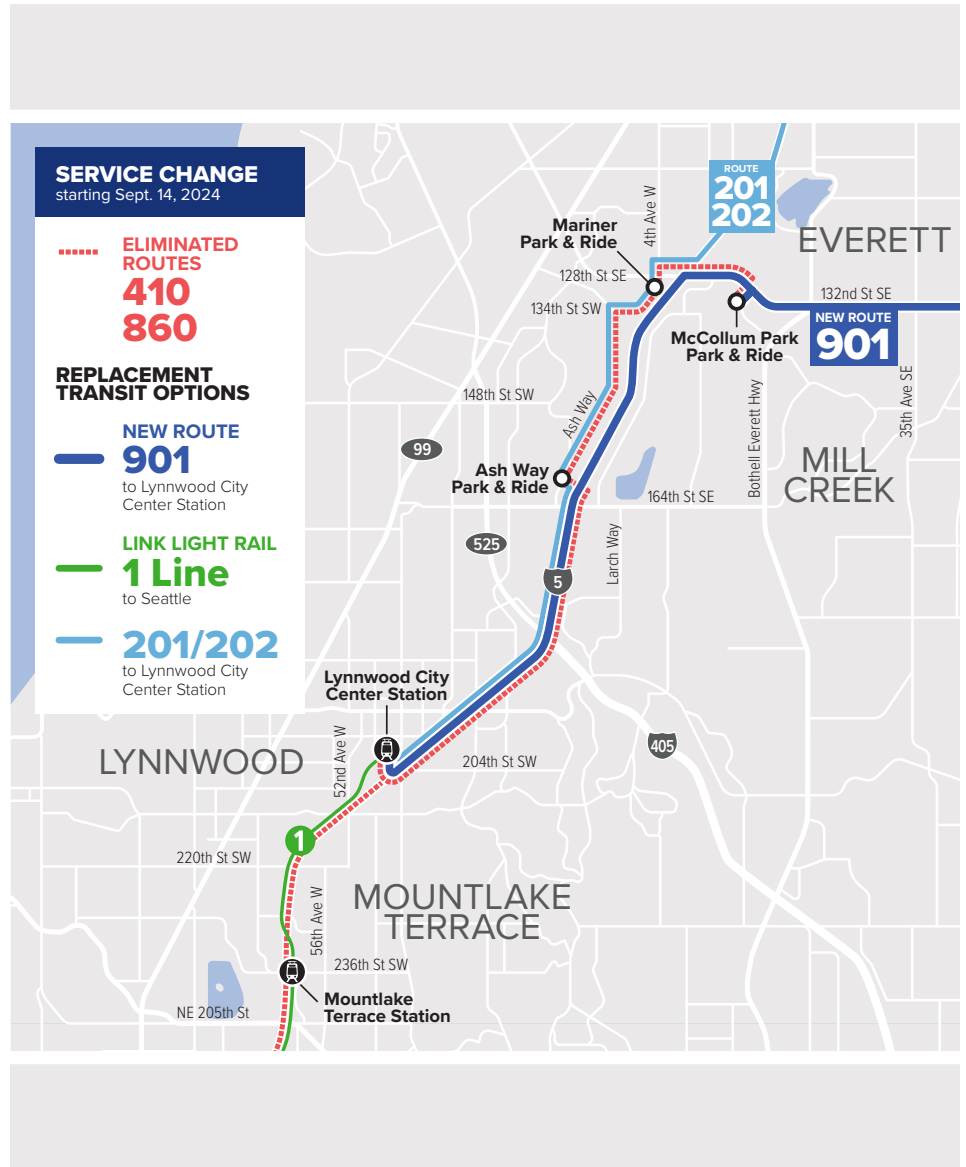

What's changing?

Route 860 is being eliminated and replaced with several route options and Link light rail 1 Line starting Sept. 14.

Route 901 travels from Silver Firs and McCollum Park Park & Ride.

Routes 201 and 202 will provide service from Mariner Park & Ride and Ash Way Park & Ride to the Lynnwood City Center Station.

Service into Seattle will be provided by Link light rail 1 Line, which riders can board at Lynnwood City Center Station or at Mountlake Terrace station.

Highlights of replacement transit options

Route 901 travels westbound from Silver Firs in the morning and eastbound from Lynnwood City Center Station in the afternoon.

Routes 201 and 202 provide service from Mariner and Ash Way park & rides to Lynnwood City Center Station.

Link light rail provides fast, frequent, and reliable service between south Snohomish County and many locations in King County.

Route 871

Route 871 is being eliminated and replaced with Routes 102, 119, 130, Swift Blue Line, and Link light rail 1 Line

What's changing?

Route 871 is being eliminated and replaced with several route options and Link light rail 1 Line starting Sept. 14.

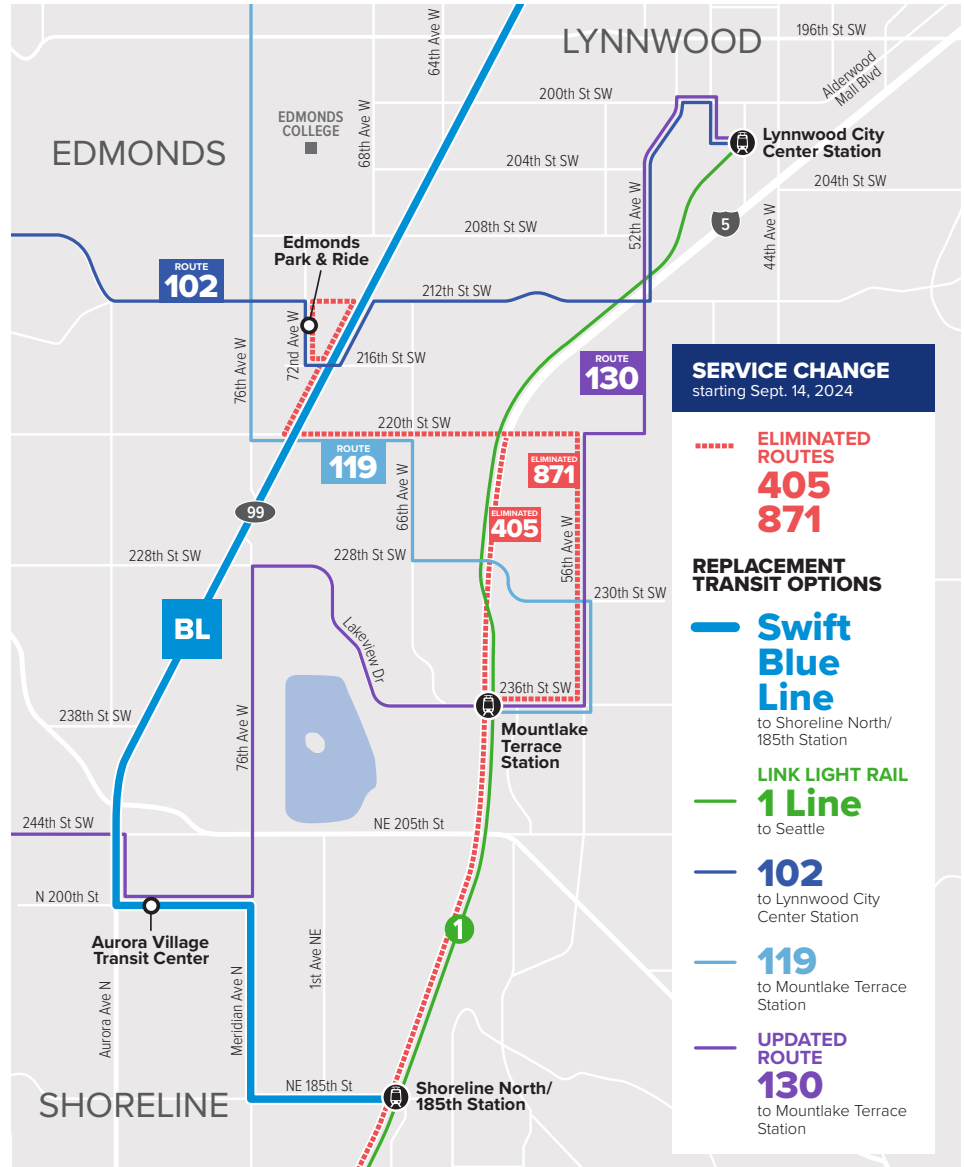

Route 102 provides service from Edmonds Park & Ride to Lynnwood City Center Station.

Route 119 provides service along 220th St SW and to Mountlake Terrace Station.

Swift Blue Line provides service along Highway 99 and to Shoreline North/185th Station.

Route 130 provides service along 56th Ave W and 236th St SW and to Mountlake Terrace Station.

Service into Seattle will be provided by Link light rail 1 Line.

Highlights of replacement transit options

Route 102 provides 30-minute all day service from Edmonds to Lynnwood City Center Station.

Route 119 provides service every 30 minutes during the morning and afternoon busy travel times into Mountlake Terrace and to the light rail station.

Swift Blue Line provides fast, frequent service along Highway 99 to the Shoreline North/185th light rail station.

Route 106 (Mariner–Bothell)

Route 106 is changing along Bothell Way to UW Bothell/Cascadia College

What's changing?

Starting Sept. 14, Route 106 is changing between Canyon Park Park & Ride and the UW Bothell/Cascadia campus. New routing will follow Bothell Way and NE 185th St.

For service along 228th St SE, riders can use Route 120. For service east of I-405, riders can use new Route 121.
